**Airforwarders Association Survey  
Six Months And Counting – How Are We Doing On 100% Screening?  
February 1, 2010**

100% screening of all cargo will become mandatory in just six months. It is the law of the land. Only an act of Congress and agreement by the President can change that. People across the industry – TSA, airlines, ground handlers, forwarders, shippers – have been working and spending hard earned dollars to comply. With only six months of preparation time remaining, it is time to take stock of where we are so we, as an industry, can gauge and direct what work remains to be done.

To accomplish this, AFA needs your help. Please take a few minutes to complete and submit a brief survey by clicking here - <http://www.surveymonkey.com/s/J2YBYHB>. This survey is open only to IAC's as they are the "middleman" in the airfreight supply chain and thus best situated to give us a complete picture of where we stand. Please note that this is a "blind" survey. We will neither track nor record who has responded so you are assured of complete privacy.

Once we have compiled the results, we will share them with membership, airlines, TSA, and other interested parties.

Please submit your response no later than the close of business Thursday, February 10<sup>th</sup>. Should you have any questions or wish to submit suggestions or comments outside the confines of the survey, please direct them to [brandonfried@airforwarders.org](mailto:brandonfried@airforwarders.org) or call me at 202.393.2818.

Thanks for your time and continued support of the Airforwarders Association.
