### Test Drive Corpedia's Award Winning Courses and Compliance Diagnostic Services for FREE!

---

---

**Experience matters.** Every day, more than **600** global organizations trust **Corpedia** to deliver over **600** ethics and compliance eLearning topics and **38** advisory services product lines to **150** countries in more than **60** languages and across **42** different industries.

Now, Corpedia is offering a chance for you to engage our [industry-leading Advisory Services](#) team for a **complimentary compliance diagnostic of your choice**. As part of Corpedia's new partnership with Airforwards Association (AfA), all AfA members will have access to a targeted diagnostic, which consists of a broad examination of a specific area of your organization's compliance followed by a one-hour discussion with our expert advisors on where your program is succeeding, or where it may be falling short.

Corpedia is offering a complimentary review based on our highly acclaimed framework and methodology. It's confidential, it's quick, and there are **no strings attached**. Strengthen the foundation of your organization's ethics and compliance program and **[sign up for one of the following free diagnostics today:](#)**

- Code of Conduct
- Compliance and Ethics
- Foreign Corrupt Practices Act (FCPA)
- Risk Assessment Process
- Government Contractors (F.A.R.)
- Training and Communication
- Supply Chain

Take advantage of these great offers today, and see for yourself why over 600 global organizations trust Corpedia for their ethics and compliance programs.
